Bronxville Eastchester Tuckahoe

**By the Community Guide Committee of
The Community Fund of Bronxville Eastchester Tuckahoe, Inc.**

Fall 2010

Dear Reader,

The Community Fund of Bronxville Eastchester Tuckahoe is pleased to present the new updated **Bronxville 10708 Eastchester Tuckahoe Community Guide**. In 2004 the Community Guide Committee, with support from local school officials, community leaders, religious leaders, Community Fund Member Agencies, and various community service groups, published the original Guide. It was the fruition of one and one half years of research and hard work organizing the information into a coherent and useful format which we maintained in the new updated edition.

The Guide is organized to allow you to access information easily. The first section includes **Community Hotlines** with addresses, phone numbers and websites where appropriate. The next section is the **Topic Index** which lists organizations by types of services with contact information. For detailed information about a specific Health and Social Service Organization in the Topic Index, you can reference the appropriate page in the **Health & Social Service Profiles**. For your convenience, we have also included a **Medical & Emergency Information** sheet at the beginning of the book and a **Health Care Proxy** at the end.

Please note that this Guide is meant to be an informational tool for the Bronxville 10708, Eastchester, Tuckahoe community. We do not make any specific representations about or endorsements of any of the services listed. We hope you will find the guide useful and that, as you read, you will advise us of any corrections or improvements so they can be considered for future reprintings.

P.S. You can also find **The Community Guide** on The Community Fund's website, **www.thecommunityfund.org**

“This past June marked my first year’s service as a board member on The Community Fund. Prior to joining the board, I served as a program evaluator, helping to assess the grant requests from several of the almost 30 programs supported by The Fund. This experience taught me just how vital The Fund is to the Eastchester community and its residents. I was overwhelmed by the breadth of programs supported, the commitment of the various staffs, the generosity of our community toward these programs and the compassion our residents have for our neighbors. The grants The Fund provides are responsibly and openly assessed; every dollar contributed supports a neighbor or friend in the Eastchester community. I’m honored to be a part of this worthwhile organization.”

Susan Kutzin
Board Member

“I've been involved with the Community Fund for over 3 years now, both as a Board member as well as an evaluator of the agencies which we support. In a time when so many worthy agencies are striving to support their constituencies, it’s incredibly rewarding to be able to positively support the local needs of Bronxville, Eastchester and Tuckahoe. The efforts of the Community Fund are felt in so many, yet unseen, ways, from the ambulances of EVAC to counseling services for many of our neighbors as well as the Senior Citizens Council and the Bronxville Youth Council. Our motto best states the purpose – Local Giving for Local Needs.”

Tom Dempsey
Board Member

“ I first learned of the Community Fund when my wife and I brought our children to Bicycle Safety Day at Parkway Oval in Tuckahoe. I then began to notice the Community Fund logo throughout town and started to do my homework as to what it was all about. What I found was inspiring.

Comprised entirely of residents of The Town of Eastchester and the villages of Bronxville and Tuckahoe, The Community Fund is exactly what it says it is: a charity supporting local organizations and civic services for the benefit of our community. From the Eastchester Community Action Program (ECAP), to Teen Scene, to new ambulances for the Eastchester Volunteer Action Corps (EVAC), the Community Fund grants help keep local organizations active and up to date.

As a parent of children in the Tuckahoe schools, I am grateful for funding for D.A.R.E., (Drug and Alcohol Resistance Education), and the Destination College program for student athletes.

I am also grateful for my experience as a member of The Community Fund board. As we all know, it is not easy donating time and effort to any cause. However, the dedicated staff and volunteers of The Community Fund ensure the funding of our local services is going to those most in need.

I urge more citizens to get involved in the Community Fund, and to GIVE, no matter the amount, for the betterment of our town.”

Health Care Proxy

Health Care Proxy Information:

The New York State Health Care Proxy Law allows an individual to appoint someone he or she trusts – for example, a family member or close friend – to make decisions about medical care if the individual is unable to do so. The person appointed must agree to act as a health care agent and should be willing and able to follow instructions on critical medical issues such as use of ventilators and orders not to resuscitate. An individual may also execute a New York Living Will, which sets forth his or her desires as to medical treatment and can be used in support of the Health Care Proxy.

Once the form has been filled out, it is critical that it be given for safekeeping to a family member, clergy person, doctor or other person who could be easily reached in the event of an emergency.

To download a Health Care Proxy Form with instructions go to: www.health.state.ny.us/forms/doh-1430.pdf. Health Care Proxy Forms and Living Wills are also available from the Social Work Services Department of Lawrence Hospital Center, 55 Palmer Avenue, Bronxville, NY 10708.
